**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I recently changed providers for my phone, internet and TV services for a community provider because the pricing and customer service are far superior to AT&T and Comcast, my previous suppliers.

Also, I want to be able to choose a provider that cares about the community they serve and doesn't spend money lobbying politicians on issues that are self serving and detrimental to the overall community. Competition allows me to make choices that are important to me and to support businesses that are beneficial to our community.

I support broadband competition and the opportunity for small businesses to compete fairly with corporate business.

Sincerely,

Claire Murphy
